

July 15, 2020

Important reminder:

New COVID-19 entry measures to take effect on Monday, July 20th, 2020

Dear fellow Member,

Please note the following changes that will take effect at **9:00 am on Monday**:

The **temperature scan** will continue and will be **monitored by security staff**.

Members will **no longer** be required to sign the **Member Health & Travel Self-Declaration** form each time they enter the Club.

Instead, one member of each family **must complete** the **[One-time Travel & Health Registration Form](#)** before they or their family members can enter the Club.

A family's **Membership Cards** will **not work** until the next day **after** the One-time form has been submitted, **nor will the family be able to access the Guest Registration computers in the Lobby during that time.**

The **Guest Registration system** will be reactivated at 9:00 am on Monday, July 20th, for Members and their families **who have submitted** the **One-time Travel & Health Registration Form**.

Members may introduce **up to 4 guests** at one time (including Domestic Caregivers on Mondays through Fridays) through the **Guest Registration system** which has been reprogrammed for this purpose.

Members must also **enter their guests' names** in the **Guest Book** which will be located on the counter near the Guest Registration system. The Guest Book is being reinstated to assist with potential COVID-19 tracing.

In tapping one's Membership Card to enter and in introducing guests as outlined above, Members are **giving their legal guarantee that they and their guests** conform to the **latest COVID-19 protocols** that are posted on the pillars next to the card access system.

On behalf of the staff who have been tasked with enforcing these policies, I thank you – in advance – for your cooperation with these measures that have been introduced for the protection of Members, their families and our staff.

Mike Brennard
President
