

New COVID-19 Regulations take effect on December 1

On November 18th, the Central Epidemic Command Center announced that it would launch the Fall-Winter COVID-19 Prevention Program on December 1st. The ACC will be conforming to the new regulations as follows.

In addition to the Club's COVID-19 protocols already in place (temperature checks, guest registration procedures, One-time Travel & Health Declaration Forms, etc.) all Members, guests, children and staff must wear masks when indoors on Club premises beginning on December 1st.

When in doubt, please wear a mask and ensure that your children do too.

For Members or guests who don't have a mask, masks may be purchased at the front desk (NT\$8 each).

ACC's measures to conform to the letter and spirit of the government guidelines are:

Public spaces inside the clubhouse (lobby, corridors, stairwells, etc.)	You must always wear a mask.
Restrooms & Locker Rooms	You must wear a mask. (Except when showering.)
Hair Salon, Library, Nursery, Playroom, Games Room, Children's Reading Room, Pool Room	You must always wear a mask.
Dining Outlets (Terrace, Gyoson, Sigis, Rendezvous, ACC Market)	Those dining in the Terrace must wear a mask when getting food at the buffet. You may remove your mask when dining.
Fitness Center, Studio Spaces, Multi-Purpose Sports Complex, Pro Shop	You may remove your mask when working out but you must wear a mask to and from these facilities.
Banquet Rooms (California Room, San Francisco Room, Miami Room)	Those attending Sunday Brunch and Holiday Buffet are required to wear masks when getting food at the buffet. You may of course remove your mask while dining.
Sauna, Steam bath and indoor/outdoor Jacuzzi facilities	Masks optional.
Pool, Tennis Courts, Outdoor Playground	Masks are not mandatory for the Club's various outdoor spaces but are once one moves inside.
Nursery & Toddler's Playroom	Children over 2 years of age must wear masks.
Club Events / Private Events	The host/master of ceremonies at Club events will announce the protocols that apply for that event.

And, with many people recently returning to Taiwan from abroad, we respectfully remind you of the following: Your one-time Travel & Health Self-Declaration authorization form declares that: "None of us or any of our guests or their families have been abroad in the past 14 days".

We will continue to monitor the evolving COVID-19 situation and will review guest rules and other procedures as circumstances warrant.

We thank you for your understanding and cooperation.

The Board of Governors
